

2024  
Laker Baseball/Softball Home Run Club

Dear Parents and Sponsors,

Although it is still winter, we do know that spring is right around the corner! With that will come the start of the 2024 Baseball/Softball season at Lakers. We are looking forward to another great season of ball for our Laker students!

Our facilities have improved over the past several years and we are proud of our administration who helped these improvements happen! One of the final touches on our facility will be the addition of stadium seat plaques that have been engraved and are ready to add to the seats! This project will be ongoing until all seats have a plaque. If you would like to purchase a plaque please see the info below.

Your support of our program to support our Laker Baseball and Softball programs. Your sponsorship will ensure our coaches can secure the equipment and uniforms our teams need as well as travel to tournaments to compete with other great athletes. Please see the packages available below for you to become a sponsor. Contact Lisa (989-551-0150) or Amy (989-551-1603) with any questions you may have.

Thank you for your consideration!
